

Apprenticeships

An apprenticeship is a real job where you learn, gain experience and get paid. You're an employee with a contract of employment and holiday leave. At least 20% of your time is dedicated to studying for a qualification.

Apprenticeships come in different levels from level 2-7.

Levels of apprenticeship

Apprenticeships have equivalent educational levels.

	Level	Equivalent educational level
Intermediate	2	GCSE
Advanced	3	A level
Higher	4,5,6 and 7	Foundation degree and above
Degree	6 and 7	Bachelor's or master's degree

Some apprenticeships may also give you an additional qualification, such as a diploma.

See here for further information

Year 11 school leavers can access Intermediate apprenticeships at level 2 or Advanced level apprenticeships at level 3. For Intermediate apprenticeships, grades 1-3 are usually required, for Advanced apprenticeships, 5 x grade 4s are usually required.

Year 12 or 13 leavers can access Advanced, Higher or Degree apprenticeships. Higher and Degree apprenticeships require level 3 qualifications either A'levels or vocational equivalents e.g. BTECs.

Where are apprenticeships advertised?

<https://www.findapprenticeship.service.gov.uk/>

Search around your postcode, check entry requirements carefully, including qualifications, experience, skills and whether a driving licence is required.

Make sure you create an account and register as otherwise you may not be able to apply for a vacancy. You can also get alerts on your phone for new vacancies.

<https://www.prospects.ac.uk/jobs-and-work-experience/apprenticeships>

Prospects gives a great overview of degree apprenticeships as well as specific information on different sectors e.g. Business, Health Care, IT, Law, Engineering

It lists the main companies offering higher and degree apprenticeships. You can then go on to company websites to see if they are recruiting, vacancies are usually found in the "Careers" section. Register on Prospects for alerts to new vacancies in the sectors which interest you.

<https://careerfinder.ucas.com/searchjobs/>

There is lots of useful info on UCAS in the **Apprenticeship** section at the top of the page, you can create an account for new vacancy alerts and search using your location, sector, start date through the search engine.
