Each session will run for 1 hour. During this time, you will enjoy the enrichment activity that you have chosen, surrounded by other students with similar interests to you. Feedback from students who have previously taken part in enrichment have said not only did they thoroughly enjoy their enrichment sessions, but these sessions enhanced their employability skills too. Students claim that they had an important talking point when applying to Universities and for Apprenticeships, making them stand out from other applicants.

Benefits of Enrichment:

- Increased employability 
- An interview/ application talking point 
- Something to add to your CV 
- Developing of new skills 
- Make your application stand out 
- A mental break from studying 
- Chance to socialise and make friends 
- Chance to try something new, you might pick up a new hobby 
- Allows for you to be yourself and understand who you are
