

## School Performance Data

### GCSEs 2025

Helsby High School continues to be proud of students' performance in 2025. Students performed strongly across all areas of the school's curriculum, with almost three quarters of all students achieving a Grade 4 or above in English and in Maths. Equally impressive was performance at higher grades, with over half of the year group achieving a 'strong' GCSE pass of Grade 5 or above in both key subject areas. We are very proud of all their achievements as nearly 90% of the cohort achieved 8 or more GCSE or vocational qualifications, with nearly 75% achieving the 'English Baccalaureate' suite of subjects: English, Maths, Science, a Modern Foreign Language and one of the Humanities subjects, Geography or History.
