

Specification coverage

In year 11 we consolidate the work completed over the past four years. All of the topics on the AQA specification have been covered during years 9 and 10, so year 11 offers the opportunity for practice and consolidation. We will use AQA-style tasks and past examination papers to build confidence in all four skills (listening, reading, writing and speaking) so that pupils will be fully prepared for the four final examinations. For pupils taking the higher tier exams, they will continue to expand their knowledge of complex grammatical structures.

Date	Exams/ Assessments	Learning Intentions	Core Task / Assessments
